INSTALLATION

At the command line:

```
$ pip install designate_dashboard
```

Or, if you have virtualenvwrapper installed:

```
$ mkvirtualenv designate_dashboard
$ pip install designate_dashboard
```

USAGE

To use designate_dashboard in a project:

```python
import designate_dashboard
```

CONTRIBUTING

If you would like to contribute to the development of OpenStack, you must follow the steps in the If youre a developer, start here section of this page:

https://wiki.openstack.org/wiki/How_To_Contribute

Once those steps have been completed, changes to OpenStack should be submitted for review via the Gerrit tool, following the workflow documented at:

https://docs.openstack.org/infra/manual/developers.html

Pull requests submitted through GitHub will be ignored.

Bugs should be filed on Launchpad, not GitHub:

https://bugs.launchpad.net/designate-dashboard
